Here are the potential dates for 2027. There are 2 scenarios based on the March 10th start to a new year if the year we are in ends up as a 12 month one.

2027 potential Feast dates if a normal 12 month Biblical Year cycle: all days start from previous sunset.

Wednesday March 10: First day of the Month of the Abib and Biblical New Year (Tuesday at sunset is 154.6 visibility and the end of 30th day)

Tuesday March 23: Passover of Yehovah

Wednesday March 24: First day of UB

Sunday March 28: Wavesheaf Day

Tuesday March 30: Last day of UB

Sunday May 16: Pentecost

Friday September 3: Feast of the Day of Trumpets (Thursday sunset is 180.7 visibility and the end of the 30th day.)

Sunday September 12: Feast of the Day of Atonement

Friday September 17: First day of Feast of Tabernacles/Ingathering

Friday September 24: The 8th Day

If an intercalated year: Once again all days start at previous sunset

New year: Friday April 9.

Passover: Thursday April 22

1st day UB: Friday April 23

Wavesheaf Day: Sunday April 25

Last Day UB: Thursday April 29

Pentecost: Sunday June 13

Trumpets: Saturday October 2 Visibility is only 110.7 Friday at sunset. Could shift to the 30th day at sunset thus moving days forward by one.

Atonement: Monday October 11

First day FOT: Saturday October 16

8th Day: Saturday October 23

Our peace we give to you!
